Ogden, Saturday, Oct. 13.

SKEEN IS NOW AFTER STANFORD

Will File Formal Charge Today
Against Chairman of County Commissioners.

Attorney J. D. Skeen today will file accusations against Joseph Stanford, chairman of the board of county commissioners, charging him with being guilty of charging and collecting illegal fees for services rendered and pretended to have rendered by him, and for expenses incurred in his capacity of county commissioner.

The filing of an accusation against Mr. Stanford has been expected for some time, especially since Mr. Skeen filed the accusation against County Attorney E. T. Hulsanski. The complaint that will be filed today is a voluminous document and contains at least two dozen charges, covering a period of almost two years, or the entire time since the last county election. Many of those who have been opposed to the prosecution of these cases and would probably take action along other lines when the present line had been exhausted.

In the accusation against Mr. Stanford there is a long list of alleged illegal claims for various sums. The endorsing of these claims varies considerably, showing that there was no regular route for the claims to pass through. Perhaps the greatest of all the claims presented by Mr. Stanford were those for attending the regular sessions of the board of commissioners and going to and from the court house on days not occupied by the regular sessions of the board. It is made part of the complaint that Mr. Stanford does not live more than one mile from the court house and that his actual expenses for each trip are not more than 10 cents. The trips to the poor farm in his capacity as poor commissioner were charged at the rate of \$2.50 per trip. The complainant alleges that Stanford travelled over the Oregon Short Line on a pass, ate his dinner at the farm and returned on his pass so that his actual traveling expenses were nothing.

Jan. 30, 1906, a voucher was presented for \$30. Of this amount \$10 is for expenses to and from the court house. The balance for four trips to the poor farm. Under date of Feb. 27, of the same year, a voucher was presented for \$25. One-half was for expenses to and from the court house and the other half for trips to the poor farm, and other places on county business.

For the month of March of 1906 Mr. Stanford's expenses were \$25. Of this \$2.50 was for trips to the court house and the balance for visiting the county infirmary, and other places in the county.

April and May were the same excepting that there were a few more trips to the infirmary and other places, hence an increase in the expense account of \$5. In June the expenses to and from the court house were increased to \$10 and the other expense to \$25. July was not so expensive. The trips to the court house netted \$7.50, while the poor farm and other visits were but five in number. Total \$30. Under date of Sept. 8, 1906, a voucher for \$10 was allowed Mr. Stanford for \$15 for exhibits and expense for the Utah state fair. Mr. Stanford's name is the only one attached to the claim. This, too, is numbered among the illegal claims in Mr. Skeen's accusations.

Each visit to a road district in the county is charged for at the rate of \$2.50, the same rate applied to inspecting the work of the road roller, material and Ogden river bottom. Special committees work also comes in for a charge. The voucher for \$73.50 for the expenses of the special committee on legislation is also in the list. Another voucher used is for

"railroad expenses, hotel bills, etc.," alleged to have been necessarily incurred in rendering service in preparing bills and amendments to bills and in attendance before the senate and house committees of the legislature of 1905, when necessary in the interest of all measures submitted for the betterment of county government. The full amount charged for this work was \$50.

Down through the entire list are similar charges, all of which it is alleged, are false and improper, by Mr. Skeen, who asks that he be ousted from office.

WILL BUILD RAILROAD SURE

Men Back of Utah & Idaho Project Reach Definite Decision to Go Ahead.

Those who have charge of the destinies of the Utah & Idaho railroad have again changed their minds, and this time renew the announcement that the road through the canyon will now surely be built. A few days ago they came out with the statement that they had encountered a number of difficulties which would mean the abandonment of the project, unless there was a change of spirit upon the part of those who were opposing the movement.

A meeting between the railroad people and W. G. Wilson of the board of county commissioners and a number of those owning property in the county was held yesterday. It developed during the meeting that the objections that had been raised were that of a misunderstanding, and when this was explained away by the officials they again endorsed the movement. Mr. Eccles is authorized for the statement that the road will now be built.

Simon Bamberger, president and general manager of the Salt Lake & Ogden railroad, was in Ogden yesterday on his way to Columbus, and said that irrespective of the decision of the Utah & Idaho railroad people in regard to the canyon line it would not in any way interfere with his original plans.

In regard to the purchase of land in Ogden City, Mr. Bamberger confirmed the statement that he would erect shops in Ogden.

"At this end of the line, as well as in Salt Lake, also a loop for the turning of cars, as all cars will not run through Ogden City, Ogden will be a terminal as well as Salt Lake. Car crews will start from both places."

In speaking of the progress of the line from Salt Lake to Ogden, Mr. Bamberger said that they were laying steel just as fast as they could secure the necessary ties, and that they have rails delivered sufficient for the entire line. He said that the track had been laid about three and one-half miles north of Ogden, and that the grading had been completed to within three miles of the city. The work is being pushed as rapidly as possible.

NO FUSION FOR DEMOCRATS

Leading Members of Party Oppose Plan — Convention Comes Today.

The leading Democrats of the city held another meeting last evening and heard the report of the committee appointed at a previous meeting to confer with the labor party regarding fusion of the two tickets. The sense of the meeting was strongly against fusion of any kind, all those present being in favor of a straight Democratic ticket. A strong sentiment sprang up during the evening in favor of Henry V. Gwilliam for state senator on the Democratic ticket and it is believed that he will be named for that position today.

The indications are that the convention today will be a large one and that a strong ticket will be placed in the field. There are no axes to grind among the Weber county Democrats and the convention should be harmonious. John Seaman will be elected temporary chairman and R. G. Harris as temporary secretary. The morning session will be a short one at which the various committees will be

appointed. An adjournment will then be taken until 10 o'clock, when the real work of the convention will be taken up.

SAVES HIS MOTHER'S LIFE

Frank Hendershot Proves Equal to Emergency When It Arises.

Frank Hendershot, son of F. J. Hendershot, saved his mother from burning to death yesterday. He was badly burned. A pot of tar had been placed on the stove at the Hendershot home, 225 Twenty-fourth street, to be melted prior to being put on the roof. The tar boiled over onto the stove and was ignited. Fearing the house might catch fire, Hendershot grabbed the pot from the stove and ran outside. In emptying it she fell into the stove and her clothing caught fire. Young Hendershot went to the rescue of his mother and after heroic work succeeded in extinguishing the flames. The young man's right hand was painfully burned. The house was saved from burning by the prompt use of the garden hose.

MUST GO TO SCHOOL.

Board Decides to Enforce Compulsory Education Law.

By their action last evening the board of education indicated that they would not tolerate the absence of pupils from the schools. This followed the report of Superintendent Allison which showed that there was an unusual number of boys who failed to attend school the past month, the total number being 4375. The board decided to enforce the compulsory education law which provides that all children between the ages of 6 and 16 must be in school at least thirty weeks each year. The superintendent's report also showed forty-six cases of tardiness on the part of the teachers and he was instructed to notify them that hereafter they will be expected to be at the school at the prescribed hour each morning. The buildings and grounds committee reported that the Lewis school had been completed and accepted from the contractors. The final amount due Contractor Whittever of \$2,275.64, was ordered paid. A bill from Halverson Bros for \$1,197 for plumbing and heating at the same school was also allowed. The president and clerk were instructed to secure a \$10,000 loan for current expenses until the tax money is received.

Ogden Briefs.

Judge Howell yesterday married Benjamin F. Green and Miss Kate Wyatt, both of Pocatello.

The family of a Japanese missionary, consisting of a man and wife and four children, were quarantined in a tourist car in Ogden yesterday on account of one of the children suffering from an attack of diphtheria. A large crowd filled the annex track at the Union depot, where it will be held until the quarantine has been raised. The party came in from California and were on their way to Colorado Springs.

Robert Armstrong, A. Tucker and C. Jones, charged with robbery, and Josefa Furusio, charged with a statutory offense, were arraigned in the district court yesterday, and each entered a plea of not guilty. The date for trial has not yet been set. In the district court yesterday the arguments in the case of Laura Read vs. John Lee was concluded and taken under advisement by the court.

HEARST ACCEPTS THE NOMINATION

Continued from Page 1.

theatre was packed to suffocation half an hour before the time of the meeting to begin and a large crowd filled the streets in front and on the side of the theatre.

A feature of tonight's speech was what most of his hearers took to be a repudiation of the support of ex-Mayor Van Wyck of New York City, when he said: "I do not want the aid of any ice trust money." Hearst applauded greeted this sally, as it did also his declaration that "if any lackey or traitor has yet departed from our purified party, let him speak up, and I will help him to go speedily if not gracefully."

Hearst at Itasca.

Itasca, N. Y., Oct. 12.—W. R. Hearst and his party reached Itasca by special train from Elmira tonight at 10:43 o'clock. In spite of the lateness of the hour the Lyceum was crowded and Mr. Hearst's speech was frequently interrupted by applause.

An article published this morning in the Elmira Advertiser (Republican) in which under a California date, doubt was cast upon Mr. Hearst's repeated denials of employment by him of Chinese labor, called forth the following telegram to the Elmira Advertiser, sent from New York tonight: "I am the pleasure today of contributing to your local charity, the home for the aged, in a small way. I would like to contribute in a larger way, and I will give \$10,000 to the charity if you will establish the truth of your statement that I employ Chinese labor, or that I own, directly or indirectly, through any Hearst estate or in any way, any property at Palermo, Cal., or any other property on which Chinese labor is employed."

"WILLIAM RANDOLPH HEARST."

Challenge Accepted.

Elmira, N. Y., Oct. 12.—On the receipt of William R. Hearst's dispatch tonight from Itasca offering to pay \$10,000 to the home for the aged if the Advertiser will prove its case that Chinese labor is employed on Hearst's estates in California, the Advertiser will announce in its issue tomorrow that it accepts the challenge and will submit the evidence in the case to the chief judge of the court of appeals of New York, to the chief judge of California and to ex-President of the United States Cleveland. It says that Mr. Hearst evaded in his answer here tonight in his speech at the Lyceum theatre and waited until he arrived at Itasca and then sent his challenge by wire at midnight.

DEBT WIPED OUT.

North Adams, Mass., Oct. 12.—The annual meeting of the American board of commissioners for foreign missions, which has been in session in this city and Williamstown since Tuesday, came to a close today. One of the most gratifying announcements made during the meeting was that the debt that has been hanging over the board for several years had been entirely wiped out.

SUMMER RESORT BLAZE.

Chicago, Oct. 12.—A disastrous fire broke out today in the suburbs of Lake Bluff, situated on the shore of Lake Michigan, thirty-five miles north of this city. A large frame hotel, known as the Lake Bluff Villa, was burned to the ground, and a number of summer cottages also were destroyed. The total damage will not exceed \$25,000.

COMMANDERS ELECTED.

Townsend, Mont., Oct. 12.—Paul A. Fusz was elected department commander of the northwest of the United Confederate veterans here yesterday, which was largely attended. W. H. Hellis was elected commander for the Montana brigade.

LOSS OF COTTON BY FIRE.

Bremen, Oct. 12.—Three thousand bales of cotton, wharfed here from Savannah Oct. 8 on the British steamer Turkistan, were destroyed by fire today.

BOMBS FOUND IN CHURCHES.

Tiflis, Oct. 12.—A quantity of loaded bombs, rifles, cartridges and daggers have been found in two Armenian churches at Shusha. Several persons have been arrested.

THOSE SUDDEN TWINGES.

Pain is nature's signal of distress, a warning that must not be ignored. Those sharp twinges in the back, those stab-like pains that follow any sudden twist or turn, are simple signs of hidden danger in the kidneys.

No trouble starts more easily, gains ground more rapidly, nor proves more often fatal than any disorder of the kidneys. All the outward appearances of health may remain until a terrible disease has taken root.

It is best to learn the duties of the kidneys, to watch for early signs of trouble, and to correct any irregularity before its serious stage begins.

The blood goes to the kidneys in an incessant stream, to be cleared of poison and relieved of surplus water. This is passed off by the kidneys in the urine. It is the retention of poison in kidney trouble that breeds fatal disease.

Don't wait. The moment you feel any uneasiness, lameness or pain in the back, the morient the urine shows irregularity, either in its appearance, or in the quantity or number of the passages, begin with Doan's Kidney

Pills. This remedy has been curing kidney troubles for seventy-six years, and never yet has failed to give relief, if taken in time. It cures the kidneys, and thus cures backache, lame back, headache, dizzy spells, urinary troubles, rheumatic pain, gravel, dropsy, swellings, nervousness, languor, sciatica, and all other symptoms of kidney troubles.

Fifty thousand people have testified to the worth of Doan's Kidney Pills. Here's a home case.

SALT LAKE CITY PROOF.

Mrs. A. Clark of 367 West First South street, Salt Lake City, Utah, says: "A friend did me a great kindness when she not only recommended Doan's Kidney Pills, but brought me a part of a box that she had at home. I was suffering terribly with backache and kidney complaint, and felt unfit for any exertion around the house. I had not used Doan's Kidney Pills for more than a day when I felt relieved, and by the time I had taken one box not an ache or a symptom of the trouble remained."

DOAN'S KIDNEY PILLS.
